

Painting & Decorating

The Training Centre works in partnership with Mears to deliver this one day course

The day is delivered in 3 parts:

Preparation – (practical session)

- Different types of sandpaper and their uses
- Different types of fillers
- Attempt to fill dents on mock-walls and rub down overfilled holes that have been pre-prepared.

Emulsion- (practical session)

- Types of paint and their finish
- Cutting in and masking tape
- Roller and brush technique
- Drying times

Woodwork- (informative session)

- Types of paint and their finish
- Priming
- Brush technique
- Overview
